## Oku solar panels Anguilla

---

### 2012 Catalogue OKU Panels , PDF , Swimming Pool , Pump

The document describes an OKU solar heating system for swimming pools. The system uses solar panels made of high-density polyethylene that are designed to heat pool water. The panels can heat pool water by 4-7°C compared to an unheated pool. The recommended panel area is 50-100% of the pool surface area, depending on installation type and

### EcoOnline reviews

I recently purchased the OKU Solar Pool Heating System - Automatic Kit from EcoOnline. The panels were delivered promptly and included everything I ordered. Gregory has been extremely helpful in providing advice on pipe sizes, selecting a pump and specific installation advice based on my house, location and complexity.
