

Orion solar racking New Caledonia

Orion solar racking New Caledonia

Mounting Tech Trends: Slimming Down on Parts

Orion Solar Racking's new ballasted system Orion's Belt features a simple design for fast and easy installation, utilizing only 3 main components: Ballast Tray, Belt and Brackets. It adds rigidity and structural integrity to the existing roof by reinforcing with interconnecting belt component.

Orion Solar Racking , Cleanenergyauthority

Orion Solar Racking specializes in the development, manufacturing, and marketing of photovoltaic racking solutions. Since its foundation Orion has released a wide range of high-quality and innovative mounting systems. We provide roof and ground mounting solutions for residential, agriculture, industrial, government, commercial, and utility

Orion Solar Racking

Orion's patented bracket is a key component; the design changes the game for roof designs. "Obviously, you don't want to put a lot of weight on a roof," says Sinai. "In the state of California, most commercial buildings use a ballast block to hold the racking to the roof."
