The Team

29.07.24 , Meet the PAMA team, the heart and soul behind our iconic projects. Dedicated, innovative, and driven by a passion for excellence, our team brings unparalleled expertise and craftsmanship to every development.

How rapid implementation of flexible exports could maximise rooftop solar

5 · South Australia became the first state to offer flexible exports of solar energy as standard. SA Power Networks developed software to forecast the network's hosting capacity 24 hours in advance, on a five-minute basis, to safely and dynamically manage solar inflows of up to 10kW per inverter.
