Pess energy Fiji

Bobine

Available energy: 3600 W: Battery capacity: 5000 Wh: Battery service life (>80%) 2000 cycles: Output voltage: 230 VAC- 50hz: Charging time (domestic socket 16 A) <3h: Solar charging compatible Solar output: 4000 W: AC Output: 1 x Prise 230 VAC - 16A Monophasé: AC Input: 1 x Power Twist NCA3 - 20A 1 x prise Anderson 50 A: TEMPERATURE

PESS ENERGY

PESS Energy designs, manufactures and sells, zero-emission generators. Our mission is to reduce the carbon footprint of our customers' activities and give them renewable energy autonomy. Our innovative solutions (with li-Ion batteries and solar recharging) are the ecological alternative to noisy, polluting gasoline generators.

Toward a sustainable energy future for Fiji

Fiji is moving in the right direction by preparing New Building Standards, preparing a Minimum Energy Performance, Standards and Labelling (MEPSL) program, introduction of hybrid vehicles, plan for electric vehicles and other related programmes which in the long-term will promote energy efficiency and conservation.'

About us

We are committed to helping you reduce your carbon footprint by making clean energy solutions available to everyone, everywhere. Our lightweight, robust solar-powered generators help to create a comfortable working environment, freeing you from all constraints.
