

Power systems Jordan

Resistant to -20°C - 55°C high and low temperature.

Power systems Jordan

Power Distribution System

From basic power distribution units to monitored and switched rack power distribution units, we offer all the power distribution solutions you need. In addition to this, we also provide remote ...

Power Solutions

We are a leading solutions provider of power products and services for various applications. We offer customized turn-key solutions that help in simplifying project execution and procurement with access to a wide range of power products and services for both AC & DC applications.

LPR Series 19
Rack Mounted

Diesel Generators , Amman Jordan

Whether powering telecommunications systems, data centers, or off-grid locations, our diesel generators ensure unwavering, safe, and sustainable power supply. Meticulously engineered for top-tier performance, our diesel power solutions prioritize your safety and adhere strictly to global emissions standards.

Jordan Development KaMP

Jordan's energy sector faces dual challenges of security of supply due to its reliance on energy imports, as well as increasing electricity demand. As it has become increasingly clear that ...

Data Center Power Systems

Our power systems are best suited for a variety of applications from research and test labs to aircraft ground power, weapons systems and direct current sources. Our Direct Current Power systems deliver innovative and dependable network-power applications.

Power Source

Power Source proudly offers customized high-quality solar power systems for residential buildings, shopping centers and educational institutions etc. Our package includes: A visit to the site by our expert engineers to evaluate your energy requirements and ...

About Us

Established in 2021, Saraya Jordan Energy Systems and Smart Solutions (SJESSS) is a pioneer in the power solutions technology in Jordan's business market. We specialize in providing comprehensive solutions for electrical power systems, protection systems, and renewable energy.

Jordan Development KaMP

Jordan's energy sector faces dual challenges of security of supply due to its reliance on energy imports, as well as increasing electricity demand. As it has become increasingly clear that renewable energy development in Jordan cannot advance without the integration of BESS

Power Solutions

SJESSS , Leading Power Solutions Provider in Jordan

Saraya Jordan Energy Systems and Smart Solutions: Your Trusted Source for Power and Renewable Energy Solutions in Jordan. Leveraging 15+ years of engineering expertise, we ...

PRODUCT INFORMATION

- BATTERY CAPACITY**
50kWh~500kWh
- DC VOLTAGE RANGE**
400V~1000V
- DEGREE OF PROTECTION**
IP54
- OPERATING TEMPERATURE RANGE**
-10~50°C

Diesel Generators , Amman Jordan
