

Release home solar container products

Overview

Release is a flexible leasing agreement of pre-assembled and containerised solar PV and battery equipment, securely integrated with your power infrastructure. You can send us your order online through our website if you prefer. At checkout, please select 'Pay by Bank Wire, Cashier's Check, Cash or Financing' and then complete your checkout. Within 24 hours of placing your order we will contact you to confirm your order and finalize the process with you. Release is Scatec's solution for distributed generation solar PV and BESS for projects starting from 5MWp blocks. This modular solution consists of pre-assembled and containerised movable trackers and storage. The equipment is pre-financed and deployed under a simple and flexible leasing contract. Our cutting-edge mobile solar systems deliver unparalleled energy efficiency and adaptive flexibility, engineered to meet dynamic power demands across any environment. With scalable solar capacity of 30-200kW and battery storage options from 50-500KWh, Solarfold™ provides reliable power wherever. Upgrade your container home with a solar power system and battery storage for complete energy independence. Water & Septic Solutions - Easy connection to water and waste systems. Easily connect to water sources and septic systems with our pre-installed plumbing and filtration options. Installation. Solar Container Houses are a practical solution for providing shelter and energy in cold climates. These units combine the durability of shipping containers with solar power, energy storage, and high-quality insulation, offering an independent energy source without relying on traditional grids. 20ft/40ft Foldable (Expandable) Solar Container House is a prefabricated unit with an internal steel structure and integrated solar power. For convenient transportation, it folds for shipping and unfolds at the site to produce an ergonomic living or workspace. With hard-wearing insulated panels.
