### Renu Energy Company Profile 2024: Stock Performance

Renu Energy Ltd delivers clean energy products and services. It is engaged in identifying and developing green hydrogen projects and investing in renewable and clean energy technologies. The company seeks to be a supplier of green hydrogen to support its customers reduce emissions and to do this by pioneering green hydrogen ecosystems that

### ReNu Energy Group

Our Renewable Energy consultants work with clients to investigate, understand and oversee the installation of renewable energy systems. Their goal is to increase efficiency and reduce cost while mitigating environmental impact.

### ENERGY PERFORMANCE CONTRACTING (EPC)

ENERGY PERFORMANCE CONTRACTING is a budget-neutral approach to make building improvements that reduce energy and water use and increase operational efficiency. By partnering with RENU, a facility owner can use an EPC to pay for today's facility upgrades with tomorrow's energy savings--without tapping into capital budgets. BENEFITS OF EPC

### ReNu Energy Group

The group specialises in the creation, design, development, implementation and/or customisation of cutting-edge business solutions constructed for optimum flexibility and scalability; and to design to maximise financial efficiency.
