### Resscott urges T& T to embrace renewables with its help

Resscott Ltd's renewable energy plan is to develop the Caribbean utilising technology to increase and create a new GDP. Technology requires power, and renewables can solve that.

### A Trinidad player enables energy self-sufficiency

How can RESSCOTT Limited provide beneficial solutions to the downstream sector as facilities undergo upgrades? In the downstream sector, the power plants themselves operate efficiently, but there is still room to improve regarding the facility operations - like lighting, camera monitoring and other larger solar PV plants.
