

Ric energy group Bosnia and Herzegovina

Ric energy group Bosnia and Herzegovina

Our activity

At RIC Energy, we lead the transition to a sustainable future through renewable generation projects that reduce emissions and environmental footprint, with a comprehensive service offering that we execute quickly and efficiently.

Home

We specialize in large-scale grid-connected storage projects that will enable the penetration of renewable energy projects and contribute to the stability of the Spanish electricity grid. Our projects offer an innovative technological solution aligned with the most demanding environmental and territorial requirements.
