

# Russia home power backup

## Overview

---

DELTA 2- это портативная зарядная станция средней мощности, которую можно использовать сразу без каких-либо дополнительных манипуляций и которая подходит для.

Портативная станция EcoFlow Delta Pro- это более мощный вариант по сравнению с DELTA 2. Ее энергоемкость 3,6 кВт\*ч может быть расширена до 25 кВт\*ч.

В экосистеме умного дома EcoFlowтакже используется портативная станция DELTA Pro и панель управления.

DELTA Pro может обеспечить достаточную мощность для работы основных приборов в доме среднего размера во время.

Во время отключения электричества главное - иметь в запасе большое количество энергии. Обладая большой емкостью, устройства EcoFlow (начиная с DELTA Pro) способны накапливать достаточно энергии.
