

Saft power systems Bhutan

Warranty
10 years

LiFePO₄

Intelligent BMS

Wide Temp:
-20°C to 55°C

Saft power systems Bhutan

State-of-the art Power Conversion Systems (PCS)

AC System solutions built around Saft's Li-ion battery expertise. Saft AC-ESS solutions integrate high-performance Intensium® Max Li-ion batteries with our own advanced in-house control algorithms and fully qualified PCS, control and protection equipment.

Global Power Solutions Leader Saft Power Systems Innovates for ...

Investing up to eight per cent of its turnover in R& D and application engineering, Saft Power Systems guarantees innovation and continuous product improvement using the latest in power conversion technology, system integration and monitoring methods.

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small/light, Wall Mounted
- Installed in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP65 Design
- Sufficient Protection Functions Equipped

Saft SA

Saft is a global, multi-technology defence battery specialist with a unique capability to provide fully integrated primary and rechargeable lithium battery solutions to power a wide range of equipment on land, at sea and in the air.

Saft Li-ion Batteries , Standby Power System Consultants

Saft Li-ion Batteries , Standby Power System Consultants, Woodridge, IL Energy range: 4 to 325 kWh Power range: 50 KW to 4.2 MW

Optimized for short back-up times Discharge power ...

Saft Batteries , Reserve Power Batteries

For nearly 100 years, Saft's longer-lasting batteries and systems have provided critical safety applications, back-up power and propulsion and more. Saft is powering industry and smarter cities, while providing critical back-up functionality in remote and harsh environments from the Arctic Circle to the Sahara Desert.

Saft ,

Rail battery systems , Saft4U

Saft's takes overall responsibility for the design, manufacture and supply of the entire battery power system, simplifying battery integration. The system is supplied complete, factory-tested and ready to fit - including rafts, trays, access mechanisms, water filling systems, isolators, fuses, connectors and battery management control (BMC)
