Saint Barthélemy smart power grid ltd

St Barts Power Incident July 2023

Since last night, 100% of the homes in St. Barthélemy have been restored with electricity. The solutions implemented to increase the power generation of the power plant and to limit consumption have allowed since July 11, 2023 at 21:00 to power the entire island: the five groups of the power plant produce a little more than 16 MW.

Products
