### Ministers: solar panels must not be built on good farmland

Still, both the Conservative and Labour parties support the net zero by 2050 target; achieving it will require expansion in the clean energy sectors. Separate from the solar argument, farmers will be allowed to build wind turbines without planning permission under government plans to boost agriculture.

### PIME ENERGY SUMMIT 2023

What can be done to increase the economic efficiency of energy storage facilities? Which technologies will dominate the energy storage market? What system solutions in the field of

cooperation with DSOs should be introduced to make it easier to connect RES installations with energy storage facilities?

### Plans progress for 1.8GW pumped hydro energy storage project

SSE Renewables revealed plans to progress a 1.8GW pumped hydro energy storage (PHES) project at Loch Fearn, Scotland, with a consortium led by Gilkes Energy. The Fearn PHES project envisages developing tunnels and a new power station to connect SSE Renewables' existing reservoir at Loch Quoich with an upper reservoir at Loch Fearn.

### PIME Storage Energy Summit - BATT4EU

The vision of BATT4EU is to establish in Europe by 2030 world's best innovation ecosystem to boost a competitive, sustainable and circular European battery value chain and to drive the transformation towards a carbon-neutral society.

### Saint Pierre and Miquelon , Critical Materials Monitor - Columbia

The Critical Materials Monitor aims to improve understanding of supply chains essential for the energy transition, the transition to more sustainable energy. It offers insights into the critical minerals required, outlines the components of key technologies, and provides in-depth reserve, production, and trade analysis.

### Plans progress for 1.8GW pumped hydro energy ...

SSE Renewables revealed plans to progress a 1.8GW pumped hydro energy storage (PHES) project at Loch Farna, Scotland, with a consortium led by Gilkes Energy. The Farna PHES project envisages developing tunnels ...

### PIME Storage Energy Summit

Czwarta edycja PIME Energy Storage Summit to wydarzenie, które z pewnością przyciągnie uwagę całej branży energetycznej i odnawialnych źródeł energii. W tym roku konferencja odbędzie się w formule dwudniowej, co pozwoli na jeszcze głębsze omówienie kluczowych wyzwań związanych z magazynowaniem energii oraz dynamicznie

### Energy storage: More tenders, government priorities and solving ...

Solar Media is once again hosting the UK Energy Storage Summit, from 28 February to 1 March in London, featuring a range of speakers from government, regulatory and industry circles. See here for more details .

## Energy Dome hits the road!

Energy Dome's Paul Smith, Vice President of Sales, will discuss the importance of long-duration energy storage for energy transition in the Middle East. We'll talk about conventional storage methods, such as pumped hydro and grid-scale lithium-based batteries, and explore their merits and shortcomings compared to the CO2 Battery, with
