Start » FENECON GmbH

At FENECON, we pursue the clear vision of the 100% energy transition. We design our electricity storage and energy management solutions to be future-proof so that a complete supply of renewable energy for electricity, heat and mobility is possible.

FENECON GmbH

The FENECON battery energy storage systems use the OpenEMS-based smart energy management system FEMS to enable grid-serving charging and discharging up to intelligent sector coupling of electricity, mobility and heat.

FENECON GmbH : VDA Partner Portal

FENECON GmbH was founded in 2011 with the vision "create a better world with 100% renewable energies". We manufacture energy storage solutions and develop international and national energy storage projects. We place ourselves as a manufacturer and integrator for energy storage systems.
