Sasonbi solar Serbia

Solar 101

Using solar energy lessens our impact on the degradation of our natural resources today, and helps create a sustainable living environment for our children and the future generations. A system that pays for itself through energy savings makes financial and environmental sense.

SasonbiSolar, experts in solar energy in the Philippines, will provide and install the solar panels. The solar panels aim to reduce TWHI's electricity bill, which is a big part of their expenses. It's Chevron's first time partnering with TWHI, a non-governmental organization supporting people with disabilities (PWDs) since 1973.
