Choose from capacities ranging from 14.3kWh to 16kWh to meet your specific energy storage needs - opt for a Seplos bundle to save time and money when ordering your DIY kit.

Vertical Seplos 16s kit?

It's vertical which saves floor space, and has castor wheels which makes it moveable after assembly. Those were my two issues with the Mason kit and why I didn't go for it, but this vertical one is looking quite attractive. Has anyone tried it?
