

# **Seychelles new solar container equipment factory is in operation**

## Overview

---

Paris & Mahé, August 21, 2025 – Independent renewable energy company Qair has secured a USD 5.7 million senior debt facility from the Facility for Energy Inclusion (“FEI”), managed by Cygnum Capital, to finance the development, building, operations, and maintenance of a 5.8 MWp Floating Solar plant. French renewable energy company Qair has secured a \$5.7 million (approximately € 4.8 million) senior debt facility from the Facility for Energy Inclusion (FEI), managed by Cygnum Capital, to finance the development, construction, and operation of a 5.8 MWp floating solar plant in Providence Lagoon. Seychelles has launched construction of its first utility-scale floating solar power plant, a 5.8MW project in the Providence Lagoon on Mahé Island. It is expected to play a pivotal role in meeting the country’s renewable energy targets. The Seysun Lagoon Floating PV project was recently formally. Paris & Mahé, August 21, 2025 – Independent renewable energy company Qair has secured a USD 5.7 million senior debt facility from the Facility for Energy Inclusion (“FEI”), managed by Cygnum Capital, to finance the development, building, operations, and maintenance of a 5.8 MWp Floating Solar plant. Soon after securing a loan for its 60 MW AC Mauritius solar and storage project, Qair has announced FEI financing for its upcoming 5.8 MW Seysun Lagoon Floating PV Plant in Seychelles.
