Slovenia: HSE to deploy 590MW PHEs and 150MW BESS by 2035

State-owned utility and power generator HSE is targeting 800MW of flexibility assets across Slovenia by 2035, including pumped hydro energy storage (PHEs) and battery energy storage systems (BESS). HSE, or Holding Slovenske Elektrarne, aims to have 175MW of flexibility resources online by 2030 before nearly quadrupling that number by 2035.

Slovenia to incentivize installation of batteries for prosumers

Under Slovenia's incentive scheme, subsidies for rooftop solar systems with batteries are ten times higher than for those without them. Households and firms could get up to EUR 500 per kilowatt-hour of installed capacity of a facility with batteries, and only EUR 50 for PV systems without storage.

New Slovenian battery projects to play vital balancing role

Several new battery storage projects that are being implemented in Slovenia will play an important role in balancing that country's power system and enabling the faster integration of renewables.

Slovenia, 10 MW battery storage within SINCRO.GRID project in ...

Battery storage capacities at RTP Okroglo and RTP Pekre have been put into trial operation as part of the SINCRO.GRID project. The total rated power of both systems is 10 MW, and the rated capacity is 50 MWh.

Tesla Powerpack installed in Slovenia's first grid-scale battery ...

Slovenia-based energy system solutions firm NGEN has deployed the 12.6MW/22MWh Tesla Powerpack system at a cost of \$16.5 million in the first of many projects by NGEN aiming at providing automated grid-balancing services for customers.

NGEN installs first Tesla Powerpack battery storage system in the ...

Slovenian energy solution provider NGEN has unveiled the first Tesla Powerpack storage system in the region, located in Jesenice, north-west of Slovenia. This is the largest Tesla Powerpack storage system in Europe.

Slovenia, Croatia launch trial operation of joint 50 ...

Battery storage systems at substations Okroglo and Pekre in Slovenia have started trial operations within a joint endeavor with Croatia. The two units have 5 MW each and a storage time of five hours, translating to 50 ...

NGEN deploying largest BESS in Slovenia, Austria and ...

Developer NGEN is deploying the largest battery energy storage systems (BESS) in Slovenia, Austria and Croatia, and wants to take its model beyond CEE too, CEO and co-founder Roman Bernard said.

BESS trial starts in EU-supported Slovenia

A 10MW/50MWh battery energy storage system (BESS) spread across two substations in Slovenia has started a trial and testing period. The BESS projects are located at the Okroglo and Pektre substations and started ...

NGEN installs first Tesla Powerpack battery storage ...

Slovenian energy solution provider NGEN has unveiled the first Tesla Powerpack storage system in the region, located in Jesenice, north-west of Slovenia. This is the largest Tesla Powerpack storage system in Europe.

NGEN deploying largest BESS in Slovenia, Austria and Croatia

Developer NGEN is deploying the largest battery energy storage systems (BESS) in Slovenia, Austria and Croatia, and wants to take its model beyond CEE too, CEO and co-founder Roman Bernard said.

Slovenia, Croatia launch trial operation of joint 50 MWh battery ...

Battery storage systems at substations Okroglo and Pekre in Slovenia have started trial operations within a joint endeavor with Croatia. The two units have 5 MW each and a storage time of five hours, translating to 50 MWh in total.

Tesla-based battery project launched in Slovenia

New company NGEN appears to have introduced the Powerpack battery to central Europe in a EUR15 million, 12.6 MW/22.6 MWh project in the northwest of the country which is the first of two planned

BESS trial starts in EU-supported Slovenia

A 10MW/50MWh battery energy storage system (BESS) spread across two substations in Slovenia has started a trial and testing period. The BESS projects are located at the Okroglo and Pektre substations and started their trial period this month, the company launching them announced.
