ENGIE Energy Access Lights Up Rural Population of Benin with

ENGIE Energy Access has inaugurated today its first mini-grid in Dohouè, a village in the South of Benin. The Dohouè MySol Grid, powered by 135 kWp of solar panels and supported by 130 kWh of Lithium-ion batteries, connects over 1,500 residents and businesses to sustainable energy solutions.

BENIN: A joint venture will electrify 12 villages via solar mini-grids

The joint venture will get straight to work, delivering a portfolio of 12 solar mini-grids within a year. At an overall cost of \$8.5 million, the 12 stand-alone solar systems will have a generating capacity of 1.7 MWp and 3 MWh of battery storage capacity.
