## Solar battery storage solutions Chile

### X-ELIO enters the energy storage market with a hybrid solar ...

X-ELIO, a leading global company specialized in the development of renewable and sustainable energy projects, enters the Battery Energy Storage System market (BESS). The company will be installing its first BESS project in its 58 MW Uribe Solar PV plant, located in Chile, in the Antofagasta desartic region.

### e-STORAGE to Deliver Energy Storage Solutions to Huatacondo ...

e-STORAGE has secured a turnkey EPC contract to supply a 98 MW/312 MWh DC Battery Energy Storage System (BESS) to the Huatacondo project in Chile. The project, developed by Sojitz Corporation and Shikoku Electric Power Co., Inc. through their subsidiary AustrianSolar Chile Cuatro SpA ("ASC4"), is se

### X-ELIO enters the energy storage market with a hybrid ...

X-ELIO, a leading global company specialized in the development of renewable and sustainable energy projects, enters the Battery Energy Storage System market (BESS). The company will be installing its first ...

### Energy storage is a challenge and an opportunity for Chile

Chinese companies have in recent years built, or

announced plans to build, Chile's longest power line, solar plants and wind farms, while in battery storage, solar giant Trina has launched three projects in the country.

### **Canadian Solar's e-STORAGE Secures Contract for 98 MW Battery**

...

Canadian Solar Inc.'s subsidiary, e-STORAGE, has secured a turnkey EPC contract to supply a 98 MW/312 MWh DC Battery Energy Storage System (BESS) for the Huatacondo project in Chile. The project, developed by Sojitz Corporation and Shikoku Electric Power Co., Inc. through AustrianSolar Chile Cuatro SpA (ASC4), is scheduled to begin

### **AES Gener begins construction of Chile's first Solar plus storage**

The 112 MW battery with 5-hour storage capacity will be the largest battery storage system in Latin America. Smart and innovative solutions integrating 4 technologies to accelerate Chile's decarbonization and competitiveness.

### **Energy Storage's Next Evolution Is Unfolding in Chile**

In partnership with one of our parent companies, AES, Fluence is proud to help continue driving clean energy's progress in Chile, delivering what will be Latin America's largest solar + storage project, pairing 180 MW of solar energy with a 112 MW, five-hour duration energy storage

system, slated for completion in 2021.

## Large scale battery storage on the rise in Chile

Last week, three different developers announced separate large-scale battery energy storage (BESS) projects collocated with solar farms in Chile. Enel Chile, the local subsidiary of Italian energy company Enel, said it will deploy a 67 MW/134 MWh battery at the El Manzano solar power plant.

## SUSI Partners Expands Solar Energy Support with Major Battery Storage

SUSI Partners, through its SUSI Energy Transition Fund (SETF), has committed to funding the development of a battery energy storage portfolio in central-southern Chile. This investment expands SUSI's partnership with local developer BIWO Renovables (BIWO) by adding a new dimension to their ongoing collaboration, which includes distributed and

## Enertis Applus+ advises on over 3 GWh of battery energy storage

6 · Key hybrid projects include Greenergy Renewable's Víctor Jara plant with 230 MW of solar PV plus 1.3 GWh of BESS capacity, part of the Oasis de Atacama BESS project. Notable

projects also include Atlas Renewable Energy's BESS del Desierto, the first large-scale standalone project in Chile with 200 MW of power and 800 MWh of storage capacity.
