

# Solar cell system Thailand

## Overview

---

Founded in 2007 as a subsidiary of Bangkok Cable Group, BSP has been developing its activities for providing the Engineering, Procurement, and Construction (EPC) solutions in relation to Photovoltaic (PV) Power Systems for domestic and international markets. BSP has since successfully expanded its business.

Operating since 2006, Blue Solar is a Thailand company focusing on the renewable energy business. Its portfolio includes developing 66 small residential solar rooftops, two 5MW.

Established in 2011, CleanMax serves corporations and institutions as one of the pioneers in the private PPA sector. (i.e Solar power supply is delivered on a per-kWh basis with zero upfront cost and at a discount to grid tariff).

Locally owned and operated by a team of engineers who have been working together in Hua Hin for over 15 years, Hua Hin Solar Shop lives by the mandate to make solar systems affordable, while having the highest yields.

Finix Solar Energy was founded in 2014 by engineers, marketing personnel, and financiers experienced in construction project management and solar cell and renewable energy.
