As a leading solar company, we are committed to providing innovative, reliable, and customized solar solutions to individuals, businesses, and communities. Choose Solar Consultants Group and discover the power of solar energy to transform your life and our planet. Together, let's unlock the full potential of the sun and embrace a brighter

Solar Company in Brunei , Solar EPC Companies in Brunei , Solar

With a reputation for excellence, we specialize in providing comprehensive solar energy solutions for both residential and commercial clients. As one of the top solar EPC companies in Brunei, we offer a wide range of services, including solar panel installation, solar energy system design, and solar power plant construction.

What does a Solar Consultant do? Role & Responsibilities

Solar consultants perform sales and support

functions related to solar energy systems, particularly the installation of systems designed for residential use. They make sales calls, which may involve cold calls to leads.

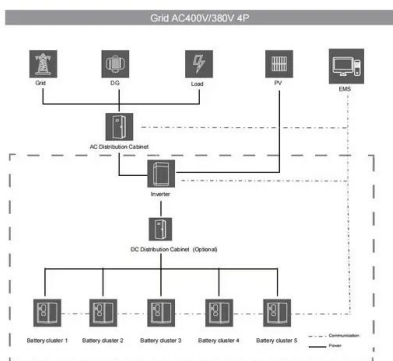

Photovoltaic System

We provide consultation, design, procurement and installation services of solar photovoltaic systems. Due to the absence of national on-grid solar/renewable energy regulation such as the feed-in-tariff (FiT) or the net energy metering (NEM) schemes in Brunei Darussalam, our installation has so far been off-grid systems only.

About

Since our establishment is 2015, we have helped clients evaluate and choose the optimal size of solar photovoltaic systems in accordance to their electrical usage and budget. Our range of services include consultation, design, procurement up to the final installation of solar photovoltaic systems and lightings.
