

# **Solar container battery waste pallet**

**Deye inverters and Deye batteries  
are more compatible.**

## Overview

---

Damaged or leaking batteries must be shipped in DOT approved containers with lids and secured to pallets. Plastic bags are not acceptable. No bulk acid may be shipped. Batteries cannot be shipped in boxes or racks. All batteries must be placed directly onto the pallet before wrapping. PVpallet builds reusable, purpose-built packaging for solar modules, trackers, and BOS components. Our solar module pallets and collapsible bulk bins are engineered for real jobsite conditions—reducing waste, cutting breakage, and improving logistics from transport to installation. We help solar. Introducing the Solar-Flex Pallet X-SE by PVpallet for the EU-Market, the pioneering solution that's transforming the solar industry. This innovative pallet is the first of its kind, boasting adjustable, collapsible, and reusable features. Aply named for its expandable design, PVpallet Series X. Thank you for taking the important steps to recycle your solar modules safely. At Solar eWaste Solutions, safety is paramount. To protect everyone involved in loading and unloading end-of-life solar panels, it's essential to load panels in a way that minimizes exposure to hazards like broken glass. Be sure there are no nails sticking up, which could puncture the batteries. Stack return battery pallet using pallet provided with new shipment if possible. Place a layer of cardboard on the pallet to prevent the batteries from sliding off of the pallet. Make the first layer of batteries level and. All batteries must be placed directly onto the pallet before wrapping and banding. Place a layer of cardboard on the pallet to ensure that the batteries do not slide off of the pallet. The first layer of batteries must be level. Shorter batteries should be placed in the center of the layer and. Recycling old batteries from solar containers helps the earth. MEOX containers use new battery technology, so recycling is even more important. When people recycle old batteries, they keep dangerous stuff out of landfills. Recycling also saves important materials and lowers harm compared to regular.
