

Solar container motor test report

Overview

This repository contains a set of tools for performing motor test by utilizing dynamometer series 1520 from RCbenchmark and conducting performance report from data csv file which is generated by RCbenchmark Chrome APP and the custom step test script. This report sets forth our findings solely with respect to the test samples identified herein. The results set forth in this report are not indicative or representative of the quality or characteristics of the lot from which a test sample was taken or any similar or identical product unless. The product has been tested according to standard IEC 62109-1: 2010 & IEC 62109-2: 2011. Summary of compliance with National Differences: List of countries addressed: N/A The product fulfils the requirements of EN 62109-1: 2010 & EN 62109-2: 2011. Test item particulars. This test report relates to the listed test samples. Without permission of the test centre this test report is not permitted to be duplicated in extracts. This test report does not entitle to carry any safety mark on this or similar products. Dieser Prüfbericht bezieht sich nur auf die gelisteten. This test report consists of 8 pages in total. It may be duplicated completely for legal use with the approval of the applicant. It should not be reproduced except in full, without the written approval of our laboratory. The client should not use it to claim product endorsement by A2LA, CNAS or any. The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on. GitHub - hcsun/motor-test-report: Scripts for generating efficiency report on different propeller/motor combinations. This repository contains a set of tools for performing motor test by utilizing dynamometer series 1520 from RCbenchmark and conducting performance report from data csv file which is.
