Illuminating Lives with Solar Panels

As Timor-Leste moves toward prioritizing more climate-friendly development, clean energy is providing empowerment and opportunity for its people. With solar lights in their homes, women across the country can dream ...

UNDP Launches 35 MW Solar Project in Timor

The new solar energy project, titled "Solar for All," is a key component of UNDP's broader efforts to promote renewable energy in Timor-Leste. The initiative will focus on installing solar power systems in remote villages, providing clean and reliable electricity to households, schools, and health centers.

Renewable Energies: Timor-Leste invests in Solar Panels

Just as the remaining renewable energies sources that are being explored by the Government in Timor-Leste, the photovoltaic units (or solar project) implementation project is specially directed for the families that live in remote areas, where difficulties still ...

Illuminating Lives with Solar Panels

As Timor-Leste moves toward prioritizing more climate-friendly development, clean energy is providing empowerment and opportunity for its people. With solar lights in their homes, women across the country can dream bigger, feel safer, and ...

Solar-powered UN House lights the way for a greener and more ...

With the new UN reforms, the United Nations in Timor-Leste, under the leadership of the Resident Coordinator has now started lighting the way with its solar-powered grid which has begun to give maximum dividends. A powerful 300 kWp photovoltaic system is producing 400,000 kWh of clean electricity annually, filling critical gaps in energy supply.
