Residential PV Systems

Use our solar calculator to see what size system you need for your home. Contact us today to schedule a free site inspection to get started on saving you cash in your pocket, switching to clean renewable energy and making our island a greener place one roof at a time!

GoSolar Guam

Lower your carbon foot print, increase the value of your home or business, and SAVE MONEY! Guam and Micronesia's source for residential and commercial green energy solutions. We design and build high-efficiency, cost effective solar panel systems.

Residential

Our panels capture the sun's energy, channel it through discreetly placed wires to an inverter, where it's converted to electricity to power your home. When your solar power system produces more power than you need, It feeds the power

back into the electricity grid.
