### Residential Solar Solutions

A solar electric system presents an opportunity for residents of Guam to reduce their monthly expenses while making a long-term, low-risk investment. Increased Property Value: Installing solar panels is seen as an enhancement to your property, much like a kitchen renovation or a finished basement.

### PV Systems

The solar array is made up of Solar World solar panels, which is our preferred solar panel manufacturer from the USA. The mounting has been developed by Pacific Solar & Photovoltaics and is structurally engineered to withstand

typhoon winds up to 170mph sustained winds, which meets Guam's building code requirements.

### Guam Solar & Battery Storage Distributor

In Guam, homeowners and businesses can benefit from several state and local government incentives to install solar panels and battery storage systems. The Guam Power Authority (GPA) offers a Net Metering Program, which allows solar system owners to receive credits for the excess electricity they generate and feed back into the grid.

### Solar and Battery Storage System

Generation Renewable - Guam and Sunnova are now offering Solar Energy Systems with Battery Storage Systems. This means that your back up panel board in your home will have power even when utility power isn't available, like during power outages or during and after a storm.
