Frequently Asked Questions

Government of Jersey are overall supportive of solar and in most cases you can cover upto 90% of a roof plane without seeking permission. If you live within a listed building, listed site or potential building of interest in Jersey you will

always require planning permission and we recommend seeking pre-planning advice from the department.

Sun Works

SunWorks have powered more homes with solar around Jersey than any other firm. We are Jersey's only dedicated PV provider so you can be sure of great service and the best suited PV system. 01534 498822 info@sunworks.je

Residential Solar

Turn your home into an energy saving asset with Solar PV Technology. Solar Photovoltaic (PV) provides extra on-site electricity, ensuring your regular connection to the power grid. Daylight powers your panels, offsetting grid electricity purchases, saving you money.

Solar PV - Isle Eco Jersey

The power of a PV cell is measured in kilowatts peak (kWp). That's the rate at which it generates energy at peak performance in full direct sunlight during the summer. PV cells come in a variety of shapes and sizes. Most PV systems are made up of panels that fit on top of an existing roof, but you can also fit solar tiles.

When you will need planning and building permission

If you live in Jersey and need help upgrading call the States of Jersey web team on 440099. When you will need planning and building permission Solar panels (permissions) Storm Ciarán: advice and updates; Water heating systems (permissions)

Highvoltage Battery

Solar PV

Solar PV explained. Solar photovoltaic (PV) systems are made up of panels that fit on top of your roof, but you can also install them on the ground or fit solar tiles. Solar PV cells are made from layers of semi-conducting material, usually silicon. When sunlight shines on the panels or tiles, electrons create a flow of electricity.

Solar panels (permissions)

Solar panels and photo-voltaic panels do not require planning permission, providing: the property is not registered as a listed building or place (LBP) or a potential listed building or place (pLBP)
