

# Solar power plant project North Macedonia

## Solar power plant project North Macedonia

---

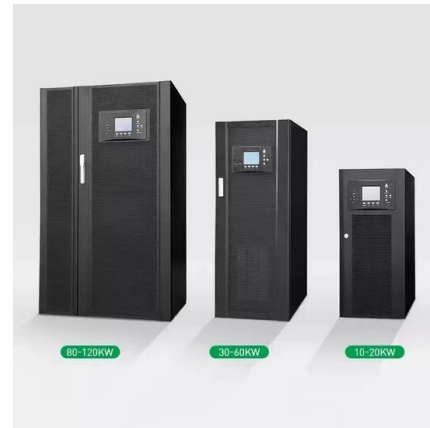

### North Macedonia puts its biggest solar power plant ...

Slovenia-based GEN-I connected its 17 MW solar power plant southeast of Skopje to the grid four months before the deadline. It is the largest photovoltaic facility in North Macedonia and the Western Balkans.

### North Macedonia fast-tracks two solar power plant projects of ...

Renewable Power International will invest in a photovoltaic power plant with a capacity of 85 MW. Valued at EUR 63 million, it will be built in Dolni Balvan in Karbinci, according to the announcement.

### North Macedonia: Biggest solar power plant in region to be ...

After a 45 MW facility in Bosnia and Herzegovina entered a trial phase, Mey Energy announced that it has finished its 55 MW solar power plant in the municipality of Novaci in North Macedonia, in the heart of the country's coal industry.

### North Macedonia's largest solar park begins commercial ops

The largest solar power plant in North Macedonia - a 17-MW facility in the municipality of Sveti Nikole - commenced commercial operations this week.

### North Macedonia: Biggest solar power plant in region to be ...

After a 45 MW facility in Bosnia and Herzegovina entered a trial phase, Mey Energy announced that it has finished its 55 MW solar power plant in the municipality of ...

### EU and EBRD to support transition to solar energy in ...

Decarbonisation plans in North Macedonia are taking a big leap forward. The European Union (EU) is supporting ESM, the state-owned electricity company, to implement a 30 MW photovoltaic (PV) project consisting of 10 ...

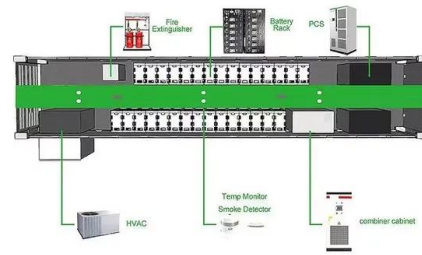

### EBRD and donor-funded solar plant starts operating in North Macedonia

The first large-scale solar plant in North Macedonia - financed with the support of the European Bank for Reconstruction and Development (EBRD) and bilateral donors to the Western Balkans Investment Framework (WBIF) - has been connected to the power grid and is producing clean electricity.

## North Macedonia: EBRD supports solar expansion with tender for ...

The European Bank for Reconstruction and Development (EBRD) has announced that North Macedonia's state-owned power utility, ESM, has initiated a tender process for the construction of two new solar power plants, with a total combined capacity of 30 MW.

## North Macedonia's ESM secures loan, grant for solar ...

3 · Elektrani na Severna Makedonija (ESM) will install more solar power plants within its coal mining and energy complexes REK Bitola and REK Oslomej. The state-owned company pioneered such projects in the Western Balkans in ...

## North Macedonia's ESM secures loan, grant for solar projects, ...

3 · Elektrani na Severna Makedonija (ESM) will install more solar power plants within its coal mining and energy complexes REK Bitola and REK Oslomej. The state-owned company pioneered such projects in the Western Balkans in 2022, when it set up the first PV plant on an abandoned coal pit in Oslomej.

## EU-funded solar plant starts operating in North ...

The first large-scale solar plant in North Macedonia - financed with the support of the European Union, WBIF bilateral donors and the European Bank for Reconstruction and Development (EBRD) has been connected to the ...

## North Macedonia: Gen-I Group launches 12 MW solar power plant

The Slovenian Gen-I Group has inaugurated a solar power plant with an installed capacity of 12 MW near Kavadarci, North Macedonia. This facility is expected to generate up to 15,500 MWh of electricity annually, significantly contributing to the country's decarbonization efforts.

## EBRD and donor-funded solar plant starts operating in ...

The first large-scale solar plant in North Macedonia - financed with the support of the European Bank for Reconstruction and Development (EBRD) and bilateral donors to the Western Balkans Investment Framework ...

## EU and EBRD to support transition to solar energy in North Macedonia ...

Decarbonisation plans in North Macedonia are taking a big leap forward. The European Union (EU) is supporting ESM, the state-owned electricity company, to implement a 30 MW photovoltaic (PV) project consisting of 10 MW on a portion of the exhausted coal mine of thermal power plant Oslomej, and 20 MW adjacent to the thermal power plant Bitola.

## North Macedonia puts its biggest solar power plant into operation

Slovenia-based GEN-I connected its 17 MW solar power plant southeast of Skopje to the grid four months before the deadline. It is the largest photovoltaic facility in North Macedonia and the

Western Balkans.
