Solar worcester Switzerland

Innovative SolarButterfly to Stop in Worcester as Part of World Tour

It will be travelling through the UK this summer, stopping off in Worcester on June 1 st, before continuing on to Canada, USA, Mexico and Central America. The SolarButterfly will be on display in Cathedral Square in the City before spending the night at the University of Worcester to re-charge before continuing its tour.

ProSolar

Welcome to ProSolar, your trusted provider of solar PV systems, EV charging points, and battery storage solutions. Based in the beautiful city of Worcester, we are a friendly, professional, and family-run company dedicated to transforming the way you harness energy.

Turnkey solar photovoltaic system

The main advantages of a battery-powered solar system for your home in Switzerland are greater self-consumption and greater energy independence. This system guarantees a return on investment despite fluctuations in energy prices.

Solar Companies

Thanks to its customer first approach and its strong expertise in solar technology, Youenergy serves already over 2500 clients in all regions of the country. Rooted on the EPFL campus in

Lausanne with strong ties to a world-class engineering community, our PV installers and engineers build the highest quality installations for your home.
