### Sunny Boy Storage: The Quick and Easy Way to More Independence

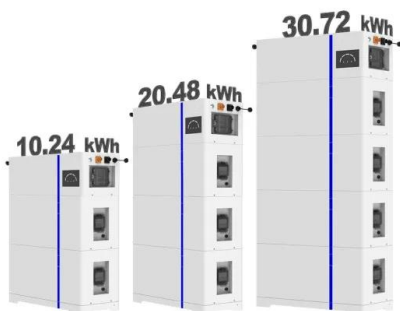

The Sunny Boy Storage 3.7/5.0/6.0 is the first battery inverter equipped with the SMA Smart Connected service package. This means that PV system operators and installers benefit from automatic and free inverter monitoring by SMA.

### Sunny Boy Storage 2.5

The Sunny Boy Storage is the battery inverter for high-voltage batteries from important reputable manufacturers. With a charge and discharge power of 2.5 kW, it is ideally suited to handle electricity demand of a private household.

### ESS

### Sunny Boy Storage 3.7 / 5.0 / 6.0

The Sunny Boy Storage 3.7/5.0/6.0 is a high-performance SMA battery inverter for private homes. Larger storage systems are easy to implement and are flexible to expand with a total of three battery connections.

### Sunny Boy Storage: Your Questions, Our Answers

You can either choose the Sunny Boy Smart Energy with integrated battery or the Sunny Boy Storage for high-voltage batteries such as the Tesla Powerwall or a Sunny Island with low-

voltage battery. 10.

### Sunny Boy Storage , Bornay

The Sunny Boy Storage is the right solution for people who want to make their home independent from conventional electric utility companies and rising electricity costs by using intermediate storage for their solar energy. This gives you maximum flexibility both now and in the future.

### SMA Sunny Boy 6.0

This inverter combines the integrated Service SMA Smart Connected service and intelligent technology for all ambient requirements. Thanks to its extremely light design, the device can be installed quickly and easily. The Sunny Boy can be commissioned quickly via smartphone or tablet thanks to its integrated web interface.

### SMA SUNNY BOY STORAGE 6.0

In the SMA Residential Solution, the Sunny Boy Storage temporarily stores electricity from the PV system in a battery. Combined with the Sunny Home Manager 2.0, energy flows in the home can be managed intelligently and electricity costs further reduced. Solar power can ...
