Jun. 25--SEOUL ( The Korea Herald/ANN) -- A fire that broke out at a lithium-ion battery factory in Hwaseong, Gyeonggi Province, has left at least 22 workers dead, eight injured and one missing as

**Efficient**  
Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- SPDs Peak Output Power
- 2 MPPT Trainers, 150V DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

**Intelligent**  
Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type-II SPDs prevent lightning damage
- Battery Reverse Connection Protection

**Flexible**  
Abundant Configuration

- Freq. & Phase UPS Switching Under 20ms
- Compatible with Lead acid and Lithium Batteries
- Max. 6 Units Inverters Parallel
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation

## South Korea releases video showing North Korean ...

The South Korean military assessed that "instability during flight" led to the missile's explosion, it said in a statement on Friday, calling North Korea's ...

## Explosion rips through lithium battery factory in South Korea
