

Sps power systems Christmas Island

Sps power systems Christmas Island

Specialised Power System

Specialised Power Systems values innovation and remains at the forefront of new methods and technologies. We collaborate with leading technology partners to provide efficient, reliable, and sustainable power solutions.

Christmas Island Power Station.

Christmas Island Power Station. 2012 - Design, specification, tender technical evaluation and technical assistance during construction of the extension to Christmas Island Power Station. This involved four Wartsila 2.6MW diesel ...

LIQUID COOLING ENERGY STORAGE SYSTEM

EMS real-time monitoring
No container design
flexible site layout

Cycle Life
≥8000

Nominal Energy
200kwh

IP Grade
IP55

Christmas Island Power Station

Equipment and components designed to withstand the harsh coastal environment conditions of Christmas Island. Individual generator halls supplied with filtered ventilation air and the ...

Solar and battery storage for Christmas Island National ...

Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park. We installed solar and battery storage systems at two sites on

Christmas Island for Parks Australia to provide clean ...

Kiritimati Power Stations

We are currently installing 2 power stations on Kiritimati (Christmas Island). Kiritimati is part of the Republic of Kiribati. The project is well underway with power stations in London and banana just waiting on the solar array and Gensets to turn up.

Solar PV Plant

Sustainable Power Solutions (SPS) funded, designed, and commissioned a 3.2MWp solar PV system on the beautiful Desroches island in Seychelles. The Four Seasons Resort has been operational since 2018 and has drastically ...

Christmas Island Power Station.

Christmas Island Power Station. 2012 - Design, specification, tender technical evaluation and technical assistance during construction of the extension to Christmas Island Power Station. This involved four Wartsila 2.6MW diesel generators installed in acoustic enclosures, fuel farm, generator switchboard, Wartsila/PLC control system integrating

Solar PV Plant

Sustainable Power Solutions (SPS) funded, designed, and commissioned a 3.2MWp solar PV system on the beautiful Desroches island in Seychelles. The Four Seasons Resort has been operational since 2018 and has drastically reduced its annual diesel consumption from 1,700,000 litres to 400,000 litres.

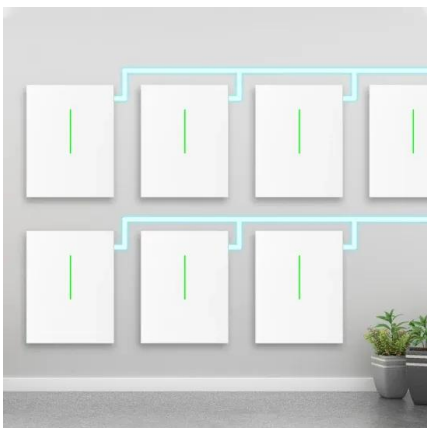

Kiritimati Power Stations

We are currently installing 2 power stations on Kiritimati (Christmas Island). Kiritimati is part of the Republic of Kiribati. The project is well underway with power stations in London and banana ...

Specialised Power System

At SPS, we supply and distribute ABB's power protection portfolio which is a unique line up of UPSs, power conditioning and power switching products, designed to solve power quality issues for commercial and industrial applications.

Specialised Power System

Specialised Power Systems values innovation and remains at the forefront of new methods and technologies. We collaborate with leading technology partners to provide efficient, reliable, and ...

Solar and battery storage for Christmas Island National Park.

Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park. We installed solar and battery storage systems at two sites on Christmas Island for Parks Australia to provide clean power to ...

Christmas Island Power Station

Equipment and components designed to withstand the harsh coastal environment conditions of Christmas Island. Individual generator halls supplied with filtered ventilation air and the electrical control room temperature-controlled air conditioning.

Desroches Island

Nestled on a beautiful island close to the equator, SPS designed, funded, and commissioned a 3.2MWp solar PV system. The solar modules are strategically positioned to face the East & West for optimal sunlight exposure.
