State solar Bermuda

BE Solar , Our Projects

From residential and commercial solar systems, to large backup battery solutions, to providing charities with funding to deploy solar, we have implemented hundreds of custom designed solutions around the island. Let us know if you have a specific project or idea in mind. We'll help you make a sensible investment.

Encouraging the Adoption of Solar Energy and Energy ...

Investing in technologies that use our abundant sunshine, the Government supports solar photovoltaic installations with its rebate initiative, offering up to \$8,000 cashback for homes with Annual Rental Values (ARVs) ...

Saturn Power

This project is a significant achievement for Saturn Power, BELCO, the government and the people of Bermuda, as it is the country's first utility-scale, renewable energy facility. Using over 20,000 photovoltaic solar panels, Saturn Power developed this 6 MW AC solar photovoltaic (PV) power generation facility, at "The Finger" on St. David

Encouraging the Adoption of Solar Energy and Energy Efficiency

Investing in technologies that use our abundant sunshine, the Government supports solar photovoltaic installations with its rebate

initiative, offering up to \$8,000 cashback for homes with Annual Rental Values (ARVs) of under \$30,000 and continuing in declining tiers to ARVs up to \$120,000.
