Azerbaijan

More recently, Azerbaijan has also become a significant natural gas producer. Azerbaijan's largest gas development is the BP-operated Shah Deniz field, which supplies gas for the Southern Gas Corridor (SGC) pipeline to Europe.

Energy Transition Challenges in Azerbaijan - Humans of Globe

The global transition to renewable energy poses significant challenges to Azerbaijan's fossil fuel-dependent economy. Europe, Azerbaijan's primary energy market, is actively decarbonizing in alignment with its 2030 climate targets. As renewable energy sources become more viable, Azerbaijan risks being left with stranded hydrocarbon assets.
