About

For over 100 years, Sunnen has built a global business around delivering the highest levels of precision to our customers. Combining a robust distribution network with industry-leading technology, Sunnen integrates bore creation, sizing and finishing into one turnkey solution. Together, we'll achieve extraordinary results.

SUNEN

Creating perfect solutions is our passion and we always start from that. Then we test, check, improve, until the product is so good that we use it with joy. However, we know that in today's world a good product is just the beginning of the road. We optimize logistics processes and cooperate with global partners to ensure the shortest delivery
