### Formosa Solar Renewable Power Group

Formosa Solar is a leading renewable energy company founded in 2016. We are committed to driving transition to a cleaner, more sustainable energy future in Taiwan. We are guided by our vision, to be the most reliable and leading partner in Taiwan's energy transition.

### Vena Energy Announces the Commercial Operation of Taiwan's Largest ...

The E2 Solar Project is built on reclaimed land spanning 226 hectares--approximately the size of more than 316 football fields--and features 680,000 solar photovoltaic panels with an installed capacity of 272 MW, capable of generating around 400-million kWh annually, equivalent to the annual electricity requirements

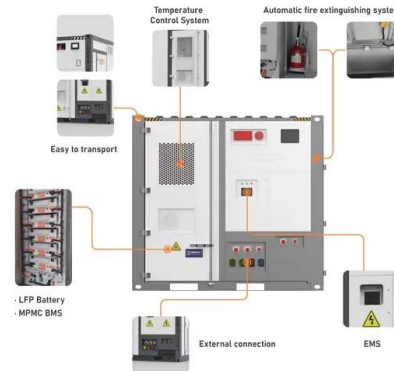

of more than 90,000

### List of photovoltaics companies

According to EnergyTrend, the 2011 global top ten polysilicon, solar cell and solar module manufacturers by capacity were found in countries including People's Republic of China, United States, Taiwan, Germany, Japan, and Korea.

- LIQUID/AIR COOLING
- ON GRID/HYBRID
- PROTECTION IP54/IP55
- BATTERY /6000 CYCLES

### Taiwanese Solar Industry Analysis

Benchmark and data visualization of Taiwanese public listed companies in the Solar Industry, with top companies, stocks performance comparison, competitive analysis, and comparisons of top companies for market research.

### Overview

The top three largest PV power plants in Taiwan including Taisugar detention pond project (100MW), the state-owned Tainan Cigu Salt field PV Power Plant (150MW), and the largest water surface -Lunwei East Zone PV Power Plant in Changhua Coastal Industrial Park (181MW), are built with safe and durable TSEC solar panels.

### Taiwan solar firms seek US exposure

Solar panel installation in Taiwan is expected to plummet about 37 percent year-on-year to 1.7 gigahertz, compared with 2.7 gigherz last year, Motech estimated. The company has begun to produce a new generation of TOPCon solar wafers called G10, which are larger than the

previous generation M6 wafers, it said.
