Tajikistan's industry leader in green energy. Tajik/Swiss joint venture providing the following services: Sale of green energy equipment (solar, wind and hydropower) Production of cross ...

Tajikistan

The Government of Tajikistan aims to transform itself from a net energy importer to a net energy exporter, on the strength of its potential for hydropower and solar power production. According to the World Bank, Tajikistan's power production is 92 percent hydropower, six percent hydrocarbon, and two percent from other sources.
