OCI Energy and CPS Energy to launch 120MW BESS in Texas

CPS Energy has partnered OCI Energy to build a 120MW/480 megawatt hours battery energy storage system (BESS) in Texas, US. The project, named Alamo City ESS LLC, will be developed in southeastern Bexar County and become operational by late 2026.

Spearmint Energy's 150MW/300MWh Texas BESS online

Battery storage developer and operator Spearmint Energy has brought its first major project online in the ERCOT, Texas market. The company announced the start of commissioning on the 150MW/300MWh Revolution battery energy storage system (BESS) in June last year, its first major project which it acquired in June 2022, and has said the project

Goldman Sachs-backed developer Gridstor builds Texas BESS

Gridstor, a US-based developer and operator of grid-scale battery storage systems, has kicked off construction of its first project in the Texas ERCOT market. The ...

Intersect Power closes US\$837 million financing for ...

US solar PV and energy storage project

developer Intersect Power has closed two financing deals worth US\$837 million for three battery energy storage system (BESS) projects in Texas. The trio of projects are 2 ...

RWE initiates construction of 450MW energy storage in Texas

RWE has commenced construction on three battery energy storage systems (BESS) with a combined capacity of 450MW in Texas, US. The three BESS facilities that the company plans to build are called Crowned Heron 1 and 2, and Cartwheel 1.

Apollo Funds Acquire 50% Stake in 2 GW Texas Solar and BESS ...

The portfolio includes approximately 2 GW of solar and BESS assets in strategic locations in Texas' ERCOT market, consisting of three solar projects with a total capacity of 1.7 GW and two battery storage projects with a combined capacity of 300 MW.

Jupiter Power Live

The 100MW/200MWh BESS is Jupiter's first transmission- connected project and amongst the largest operating commercially in Texas, it added. It will provide power to the Electric Reliability Council of Texas (ERCOT) grid through energy capacity and grid-firming ancillary services.

RWE initiates construction of 450MW energy storage in Texas

RWE has commenced construction on three battery energy storage systems (BESS) with a combined capacity of 450MW in Texas, US. The three BESS facilities that the ...

Apollo acquires 50% in TotalEnergies' solar and BESS portfolio

High-growth alternative asset manager Apollo has announced an agreement through its managed funds to acquire a 50% stake in a significant Texas solar and battery energy storage system (BESS) portfolio from TotalEnergies.

OCI Energy and CPS Energy to launch 120MW BESS in Texas

CPS Energy has partnered OCI Energy to build a 120MW/480 megawatt hours battery energy storage system (BESS) in Texas, US. The project, named Alamo City ESS ...

Energy Vault plans 57MW BESS in Texas in 2025

Energy Vault has disclosed plans for a 57MW/114MWh battery energy storage system (BESS), named Cross Trails BESS, in Scurry County of Texas, US. Construction is set ...

TotalEnergies commissions 1.2GW solar-plus-storage portfolio

France-based energy giant TotalEnergies has started commercial operations at two utility-scale solar projects in the US state of Texas, with a combined capacity of 1.2GW and co-located battery

Goldman Sachs-backed developer Gridstor builds Texas BESS

Gridstor, a US-based developer and operator of grid-scale battery storage systems, has kicked off construction of its first project in the Texas ERCOT market. The developer said last week (17 October) that construction is underway on the Hidden Lakes Reliability Project 220MW/440MWh standalone battery energy storage system (BESS) in Texas

Intersect Power closes US\$837 million financing for 'portfolio

US solar PV and energy storage project developer Intersect Power has closed two financing deals worth US\$837 million for three battery energy storage system (BESS) projects in Texas. The trio of projects are 2-hour duration systems, each of 320MWh storage capacity (160MW power output), scheduled to go into commercial operation during this year.

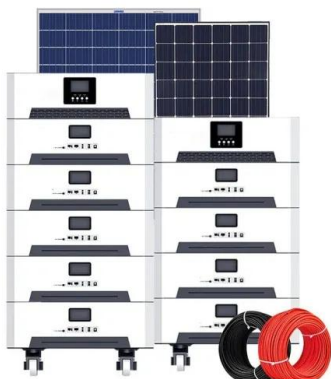

TotalEnergies commissions 1.2GW solar-plus-storage ...

France-based energy giant TotalEnergies has started commercial operations at two utility-scale solar projects in the US state of Texas, with a combined capacity of 1.2GW and co-located battery

Apollo acquires 50% in TotalEnergies' solar and BESS portfolio

High-growth alternative asset manager Apollo has announced an agreement through its managed funds to acquire a 50% stake in a significant Texas solar and battery ...

Energy Vault plans 57MW BESS in Texas in 2025

Energy Vault has disclosed plans for a 57MW/114MWh battery energy storage system (BESS), named Cross Trails BESS, in Scurry County of Texas, US. Construction is set to start in the first quarter (Q1) of 2025, with commercial operations expected ...
