

The latest oil storage policy is released

Overview

WASHINGTON — The Department of the Interior today announced a Secretary's Order titled "Unleashing American Offshore Energy," directing the Bureau of Ocean Energy Management to take the necessary steps, in accordance with federal law, to terminate the restrictive Biden 2024-2029. At the end of calendar year 2024, SPR inventory consisted of approximately 394 Mbbl of crude oil in underground storage caverns located in Texas and Louisiana. Accounting for additional crude oil deliveries from contracted purchases and scheduled exchange returns, along with releases required by. The Strategic Petroleum Reserve (SPR), the world's largest supply of emergency crude oil was established primarily to reduce the impact of disruptions in supplies of petroleum products and to carry out obligations of the United States under the international energy program. The federally-owned oil. WASHINGTON — Today, U.S. Environmental Protection Agency (EPA) Administrator Lee Zeldin is taking final action on the agency's July 2025 Interim Final Rule (IFR) to extend several compliance deadlines in the Biden-Harris Administration's Clean Air Act (CAA) rules for the oil and gas industry -. WASHINGTON — The Department of the Interior today announced a Secretary's Order titled "Unleashing American Offshore Energy," directing the Bureau of Ocean Energy Management to take the necessary steps, in accordance with federal law, to terminate the restrictive Biden 2024-2029 National Outer. The White House's regulatory agenda landed Thursday, solidifying plans for rules that could boost the oil and gas industry and laying out a timeline for offshore carbon storage regulations. The spring Unified Agenda offers the latest look at the Trump administration's efforts to expand domestic. The United States started the petroleum reserve in 1975 to mitigate future supply disruptions as part of the international Agreement on an International Energy Program, after oil supplies were interrupted during the 1973-1974 oil embargo. [2] The current inventory is displayed on the SPR's website.
