## Tonga solar panel and batteries

### South Pacific's largest solar plant officially launched in Tonga

Prime Minister of Tonga today announced the official launch of the 6-MW power purchase agreement (PPA) based Tongatapu Solar Farm located at Fualu, Tongatapu, which has supplied electricity to over 10,336 households since August this year.

### Another solar-plus-storage system in Tonga commissioned

A solar-plus-storage project combining 300kW of PV and a 2MWh battery energy storage system (BESS) has been installed in the Polynesian archipelago nation of Tonga. The project on the island of Vava'u was commissioned by Tonga Power Limited (TPL), the country's sole electric utility, on 14 March.

### South Pacific's Largest Solar Farm Launched in Presence of

Producing energy since August this year, and providing power for up to 10,336 households, the Solar Farm is helping The Government of Tonga pursue its National Energy Roadmap plans to see up to 70% of Tongatapu's electricity generation sourced from renewables by the end of 2025.

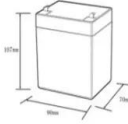

### New solar powered electricity for residents of 'O'ua

This week, people of the island of 'O'ua marked a milestone with the successful installation of its

solar PV mini-grid to provide residents with 24-hour electricity making it the second island in Tonga to run 100% renewable energy all day, everyday.

12.8V6Ah

- Nominal voltage (V):12.8
- Nominal capacity (Ah):6
- Rated energy (Wh):76.8
- Maximum charging voltage (V):14.6
- Maximum charging current (A):6
- Floating charge voltage (V):13.6-13.8
- Maximum continuous discharge current (A):10
- Maximum peak discharge current @10 seconds (A):20
- Maximum load power (W):100
- Discharge cut-off voltage (V):10.8
- Charging temperature (°C):5-40
- Discharge temperature (°C):-20-+60
- Working humidity: <95% R.H (non condensing)
- Number of cycles (25 °C, 0.5c, 100%dod): >2000
- Cell combination mode: 32700-4s1p
- Terminal specification: T2 (6.3mm)
- Protection grade: IP65
- Overall dimension (mm):90\*70\*107mm
- Reference weight (kg):0.7
- Certification: un38.3/mdds

### Applications

## Battery Energy Storage Systems , Tonga Power Limited

Battery Energy Storage Systems are a vital component to reaching Tonga's 50% Renewable Energy target by end of year 2020. Battery Energy storage systems will be able to store renewable energy generated from our existing solar and ...

## Solar-plus-storage system commissioned in Tonga with 2MWh

...

A solar-plus-storage project combining 300kW of PV and a 2MWh battery energy storage system (BESS) has been installed in the Polynesian archipelago nation of Tonga. The project on the island of Vava'u was commissioned by Tonga Power Limited (TPL), the country's sole electric utility, on 14 March.

## Ha Masani Solar , Tonga Power Limited

The Ha Mai Solar Facility is the first solar farm installed at Lifuka, Ha'apai. It has a capacity of 550 kW and 660 kW/hr of battery storage. Ha'apai is the first island in Tonga to reach 50% renewable energy, another step towards Tonga's overall goal of ...

### Solar + Storage Powering Ahead In Tonga

The island nation of Tonga is closing in on its renewable energy target with a helping hand from solar power and the international community, including Australia. The most recent project of note is a rooftop installation at the Prince Wellington Ngu Hospital in Vava'u.

### Battery Energy Storage Systems , Tonga Power Limited

Battery Energy Storage Systems are a vital component to reaching Tonga's 50% Renewable Energy target by end of year 2020. Battery Energy storage systems will be able to store renewable energy generated from our existing solar and wind generation sites and distribute it to the people of Tonga when required.

### Clean, Green, Sustainable Power for Tonga , Tonga Power Limited

Tonga Power Limited is continuously expanding its Renewable Energy Portfolio, through the introduction of solar generation and most recently Tonga's first ever large scaled wind generation system in Niutoua.

## Kingdom of Tonga Celebrates Major Milestone Towards ...

The system includes a 350kW solar plant and a 1003kW/1856kWh battery energy storage system, which will enable TPL to integrate renewable energy into its electricity grid and provide reliable power to customers. Her Excellency Rachael Moore, the Australian High Commissioner to the Kingdom of Tonga, was present as the guest of honour at the event.
