Government gives green light to three solar farms

Having already taken action to remove planning restrictions on onshore wind, the government has quickly turned its attention to solar, with Energy Secretary, Ed Miliband, green lighting a trio of projects that had previously been held up, including Low Carbon's 500MW Gate Burton Energy Park - a solar and energy storage park - and Windel

About us

Founded in 2018, Tribus Clean Energy Ltd specialises in the development of renewable energy projects, and has a UK solar PV development pipeline of over 1.5 gigawatts (GW) and a pipeline of over three gigawatt hours (GWh) of ...

TRIBUS ENERGY SOLUTIONS LIMITED

TRIBUS ENERGY SOLUTIONS LIMITED - Free company information from Companies House including registered office address, filing history, accounts, annual return, officers, charges, business

Responsible development

At Tribus Clean Energy, we believe in taking a responsible approach to how we develop the new sources of energy that will power all of our homes and workplaces. Tribus is one of very few businesses with a proven track record of success in the development of large scale solar and battery projects.

Tribus switches to solar energy

Last month, Tribus greatly reduced its environmental impact by replacing all the lights in its factory with LED. At the same time, Tribus mounted 550 solar panels on its factory roof. The switch from high-energy lights to energy-efficient LED's has led to an instant drop of Tribus' total energy consumption of almost 40%.
