## Turkmenistan lesso solar

---

### Our Mission

Our 5 production bases aim to grow into a large-scale global manufacturer of solar solutions, introduce advanced equipment, and create intelligent and automated production lines for intelligent building photovoltaic integrated BIPV, solar PV modules, and solar cells.

### Solar Panel, Lithium Battery, Wind Energy

LESSO Solar is a comprehensive new energy group specializing in research, production, sales, and service. Our business includes centralized ground-mounted, industrial, commercial, and residential solar solutions.

### FLEXIBLE SETTING OF MULTIPLE WORKING MODES

### Services

LESSO Solar has a big and well-rounded service system. They offer a wide range of services, including product design, free project drawings, cost estimates, customer training, visual production, logistics planning, and more.

### About Us

LESSO Solar, a flagship division of LESSO Group, specialises in manufacturing solar panels, inverters, and energy storage systems, and providing solar-energy solutions. Our production bases, introduce advanced equipment, and

create intelligent and automated production lines for intelligent building photovoltaic integrated BIPV, solar

### LESSO SOLAR

?Green Energy: The Future is Now! The Phase I project of Karamay Desert Solar Power Station, where we participated in the supply of solar photovoltaic modules, was successfully connected to the

### Turkmenistan to host first large scale solar plants

Abu Dhabi-based renewable energy developer Masdar and Turkmenistan's power utility Turkmenenergo have signed a joint development agreement for a 100 MW solar park in Turkmenistan.
