

Ukraine cost of a solar system for home

Overview

Now the price of high-quality ready-to-build solar projects is at the level of Euro 40-50 thousand per 1 MW (depending on capacity, cost of connection, location, and other factors).

Ukraine cost of a solar system for home

Solar market prices: what is happening with Ukrainian solar projects?

In our experience with investors, the average price for operational solar stations today is 900-950 thousand euros for each megawatt station (meaning the solar module or DC, not inverter capacity). Unstable working conditions and uncertainty in the near future hurt the construction of new solar capacities.
