## United Kingdom jena flow batteries

---

### JenaBatteries GmbH

Accelerating Europe's Green Transition: The Crucial Role of Flow Batteries. 11 April 2024: As we approach the European elections and a new legislative term, our FBE Manifesto highlights 4 ...

### A sustainable storage solution for clean energy JenaBatteries ...

The company develops large-scale redox flow batteries of 400 kWh and up. Following the successful product development phase, the company is ready to enter the market in 2021. ...

### JenaBatteries GmbH

Accelerating Europe's Green Transition: The Crucial Role of Flow Batteries. 11 April 2024: As we approach the European elections and a new legislative term, our FBE Manifesto highlights 4 key EU policy goals and presents opportunities for a seamless transition to climate neutrality.

### JenaBatteries and BASF cooperate in the development of innovative power

JenaBatteries GmbH and BASF are cooperating in the production of an electrolyte for a battery technology that is particularly suitable for

stationary storage of electricity from renewable energy sources and for stabilizing conventional transmission grids.

### Applications

### Technologie

Unsere metallfreie Redox-Flow-Batterie (auch „Flussbatterie“) ist so innovativ wie umweltschonend. Als frei skalierbarer Speicher ist sie die zukunftsorientierte Alternative zu herkömmlichen Lithium-Akkus und metallhaltigen Redox-Flow-Batterien.

### BASF partners with 'metal-free' flow battery startup ...

JenaBatteries' website claims the startup has made available a scalable redox flow battery for energy storage which goes from 100kW to 2MW power and 400kWh to 10MWh capacity ratings based on a saline solution, in ...

### JenaBatteries and BASF cooperate in the development of ...

JenaBatteries GmbH, founded in 2012 and headquartered in Jena, is an innovative company in the field of large-format energy storage systems from a battery size of 400 kWh. We develop, produce and sell safe and scalable metal-free redox flow batteries through a growing network of licensed partners.

## Jena Flow Batteries GmbH

We are Jena Flow Batteries. In a world driven by renewable energy, we are leading the way in metal-free, stationary energy storage. With storage solutions that are as sustainable as the energy the

## JenaBatteries , Metal-free battery solutions for renewable energies

With their metal-free redox flow batteries, RFB for short, the Jena-based company JenaBatteries GmbH has developed a more eco-friendly and secure alternative to lithium batteries, and thus makes its own contribution to the energy revolution. The batteries allow for new business models and more profitable services in the energy sector.

## JenaBatteries and BASF cooperate in the development of ...

JenaBatteries GmbH and BASF are cooperating in the production of an electrolyte for a battery technology that is particularly suitable for stationary storage of ...

## Jena Flow Batteries

Jena Flow Batteries ist Ihr Partner für industrielle Energiespeicherlösungen. Unsere ressourcenschonenden, metallfreien Redox-Flow-Batterien ermöglichen eine sichere und nachhaltige Stromspeicherung und bringen die Energiewende in Europa voran.

## JenaBatteries and BASF cooperate in the development of ...

JenaBatteries GmbH, founded in 2012 and headquartered in Jena, is an innovative company in the field of large-format energy storage systems from a battery size of ...

## BASF partners with 'metal-free' flow battery startup JenaBatteries

JenaBatteries' website claims the startup has made available a scalable redox flow battery for energy storage which goes from 100kW to 2MW power and 400kWh to 10MWh capacity ratings based on a saline solution, in which different organic storage materials form the anode and cathode.

## A sustainable storage solution for clean energy JenaBatteries ...

The company develops large-scale redox flow batteries of 400 kWh and up. Following the successful product development phase, the company is ready to enter the market in 2021. Among stationary storage systems, the metal-free redox-flow battery offers a sustainable, uncritical alternative to conventional Li-ion batteries.

## Jena Flow Batteries GmbH

We are Jena Flow Batteries. In a world driven by renewable energy, we are leading the way in metal-free, stationary energy storage. With storage solutions that are as sustainable as the ...

## Produkte

Entdecken Sie die skalierbaren und nachhaltigen Energiespeicherlösungen von Jena Flow Batteries. Unsere metallfreien Batterien und OEM-Komponenten bieten flexible Lösungen für industrielle Anwendungen, individuell anpassbar an Ihre spezifischen Anforderungen.
