### Velocity Solar - Commercial Solar Systems Supply & Installation ...

At Velocity Solar, we prioritize thorough site inspections and, whenever feasible, conduct load analyses in collaboration with your retailer. Armed with this valuable information, we can design a customized system that perfectly aligns with your specific needs. Commercial solar power offers a remarkable 25-year return on investment

### Design your own solar system

According to our calculations, a 1kW solar power system can produce 4kWh to 5kWh energy per day, but every site is different and no 2 sites are identical. The electricity consumption and determination of energy needs is important to estimate the solar energy you are expected to produce through solar energy applications from Velocity Solar.
