

# **Vice president of the polish solar container association**

## Overview

---

Creating more flexibility at distribution network level was also called for by Szymon Witoszek, vice president of the board at the Polish Photovoltaics Association. We gather and integrate hundreds of participants around substantive expert speeches in a modern trade fair space, B2B meetings, a banquet and numerous accompanying attractions. If playback doesn't begin shortly, try restarting your device. An error occurred while retrieving sharing information. The Polish Photovoltaic Association (PPA), established in 2019, is the largest industry organisation in Poland supporting the development of large-scale PV installations. Currently, PSF is representing more than 100 entities. Key objectives of PSF include increasing political and social awareness. PESA works for the development of the energy storage industry and energy transformation. It participates in legislative work, shaping non-legislative activities and conducts educational and information activities. PESA promotes safety standards for the use of energy storage, taking into account. In the first question of the conference's opening session, Grzegorz Onichimowski, president of the management board of Polskie Sieci Elektroenergetyczne S.A. (PSE), was asked "will you curtail today?"

" It was an opener that set the tone for the event. The representative of Poland's transmission. Do you have any questions?

Write to us [biuro@stowarzyszeniepv.pl](mailto:biuro@stowarzyszeniepv.pl) The Polish Photovoltaics Association, together with 24 other non-governmental and industry organisations, has signed an open letter to Minister of Energy Miłosz Motyka, urging him to accelerate work on the update of the National.
