

# Wallis and Futuna solar power kit for cctv

**Efficient  
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 150% DC Input Oversizing
- Max. PV Input Current 16A, Compatible with High Power Modules

**Intelligent  
Simple O&M**

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

**Flexible  
Abundant Configuration**

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc-fault is detected the inverter immediately stops operation

## Wallis and Futuna solar power kit for cctv

---

### Roof Mounted Solar CCTV Kit

Keep an eye on your property all year long with our solar-powered CCTV kit. This off-grid solution is perfect for stables or remote sheds without access to power. Get going straight out of the box with everything you need, including a 115W solar panel and a 65Ah battery.

### CCTV Solar Kits , Off-Grid kits , Solar Kits , Solar

Discover our cutting-edge solar panel kits, tailored for CCTV systems. Power your security cameras and lighting efficiently while reducing your carbon footprint and energy bills. Enjoy easy installation, weather resistance, and unmatched reliability. Choose solar for enhanced safety and a greener planet.
