

What is a solar container lamp

Overview

Solar shipping container lighting kits are a convenient and cost-effective way to provide illumination for off-grid applications. These kits include solar panels, batteries, charge controllers, LED lights, wiring, and mounting hardware.

Cutting-Edge Solar Technology: Built-in solar panel charges during the day, delivering bright, uninterrupted illumination at night.

Powerful Motion Activation: Lights up automatically when motion is detected to deter unwanted visitors and provide enhanced nighttime safety.

Durable Materials: Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time. Prewired turn-key kits with Bluetooth technology for smartphone viewing of system data are easy to install. Most options are solar powered, easy to install, and flexible enough to work with or without electrical hookups. Below is a breakdown of each available lighting option and how it fits into real-world container use.

This three-lamp interior light setup is designed to spread light across a wider area. This basic entry level solar power system will provide lighting for a single shipping container. The lights will be a string of 4 DC LED A bulbs which operate on a timer switch. The system is designed with plug and play (PnP) connectors for easy assembly. The lights and timer switch easily setup.

Shipping container solar lighting is becoming the most desired lighting system for shipping and storage containers. No more tripping and fumbling inside a dark storage container. If the shipping container "Storage Container" is set close to power outlet. (close to a building with external power. The Shipping Container Solar Lighting Kits will provide your Oversized Shipping Containers and Storage areas with bright white light when you need it most. Experience reliable off-grid illumination like never before. Achieve peace of mind with remote monitoring, 3 day autonomy and zero.
