

# **What is the tax classification code for pumped storage**

## Overview

---

In addition to the classifications previously provided for in Notice 2023-38, Notice 2024-41 provides a safe harbor classification for hydropower and pumped hydropower storage facilities. Certain qualified clean energy facilities, property and technology placed in service after 2024 may be classified as 5-year property via the modified accelerated cost recovery system (MACRS) under Provision 13703 of the Inflation Reduction Act of 2022. Owners of qualified facilities, property and. The IRS on May 16, 2024, issued Notice 2024-41, which provides updated guidance regarding the domestic content bonus credit under Sections 45, 48, 45Y and 48E of the Internal Revenue Code. The new notice modifies previously issued Notice 2023-38, which provided initial safe harbor classifications. This list of Principal Business Activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. These Principal Business Activity Codes are based on the North American Industry. The National Hydropower Association (“NHA”) is a non-profit national association dedicated to securing water power as a clean, carbon-free, renewable, and reliable energy source that provides power to an estimated 30 million Americans. NHA’s membership consists of more than 320 organizations. Property class codes are generally not unique to any given roll section and are designed to accurately portray the property and its use. Listed below are the most recent codes and definitions most often associated with utility properties. The following is generally an excerpt from the property. First, this notice expands the list of Applicable Projects in “Table 2-- pumped hydropower storage facilities. Second, this notice redesignates the “Utility photovoltaic system.” Third, this notice includes certain Manufactured Product Components with respect to previously listed Applicable.
